MISS STONE FREE

Captive Missionary At Last Released By The Bulgarian Brigands.

SHE IS IN GOOD HEALTH

Long Captivity In The Mountains of Bulgaria Has Apparently Not Affected The Woman.

Rev. Tsilka, Husband of Her Companion In Captivity, Arrested As An Accomplice.

Constantinople, Feb. 19.—It is announced that Miss Ellen M. Stone has been released by the brigands who have held her captive since Sept. 3 last, and has been handed over in good health to the dragoman of the

MISS STONE.

American legation. It is also announced that the Rev. Tsilka has been arrested on the charge of complicity in the kidnapping of Miss Stone.

The companion in captivity of Miss Stone was Mme. K. S. Tsilka, a Bulgarian woman, the wife of M. Tsilka, a Macedonian teacher of Samakov. Miss Stone, while traveling with Mme. Tsilka and a party of about 15 friends, was captured by brigands in the district of Salonica Sept. 3. Since that time vigorous efforts have been made by the United States government and by missionaries to obtain the release of the captive. The brigands demanded a ransom of \$25,000 Turkish, but only \$72,500 was paid over to the brigands Feb. 6 by M. Gargiulo, chief dragoman of the American legation at Constantinople, and W. W. Peet, treasurer of the American mission at Constantinople, who met the brigands on the road to the Podrome monastery.

Madame Tsilka was educated at the Northfield seminary. At the time of receiving her American training and education she was Miss Stephanora, a Bulgarian. Having been converted in childhood to the Christian belief she came to America after having refused to marry the man of her parents' choosing. Dr. Dwight L. Moody, becoming interested in her welfare, found a place for her in his noted school. Having finished her training at that institution, she became a trained nurse. While thus engaged in the Adirondacks she became acquainted with Mr. Tsilka, a Macedonian, who had also been educated in the United States. At that period he was preparing for work as a medical missionary. Soon after the completion of their training the couple were married and went to Bulgaria, where they at once entered upon missionary work. Miss Stone is one of the missionaries of the American board of foreign missions. She has been attached to the Salonica mission since 1878. She was born at Roxbury, Mass., and her home is in Chelsea, Mass., where her mother resides. Four of Miss Stone's brothers are in business in Boston.

The Rev. Tsilka, who, according to the Constantinople dispatch announcing the release of Miss Stone, has been arrested on the charge of complicity in the kidnapping of the missionary, is the husband of Mme. Tsilka, Miss Stone's companion. It was announced recently that the Turkish authorities suspected the Rev. Tsilka of complicity in the abduction of the missionaries.

Driven Out By Fire.

Chicago, Feb. 19.—Twenty-six families were burned out last night in a fire that destroyed the four-story apartment building located at 56th street and Madison avenue. Many women and children were compelled to leave the building by way of the fire escapes, aided by firemen, but all the occupants of the structure have been accounted for. Loss \$100,000.

Deal In Coal.

Columbus, O., Feb. 19.—Reports are current in local coal and railroad circles of the organization of a new coal combination by the Morgan syndicate to acquire 15 independent coal mines on the Hocking Valley and Ohio Central railroads. The new company is to be known as the Continental Coal company, it is said, and the capitalization will be \$15,000,000.

OFFICIAL PLANS

Admiral Evans Will Give Prince Henry a Rousing Welcome.

New York, Feb. 19.—Rear Admiral Robley D. Evans has issued orders to the captains of his fleet concerning their duties on Washington's Birthday, the day Prince Henry is expected to arrive. First the orders direct that at 8 a. m. the vessels of the squadron will "full dress" ship and remain so

dressed until sunset. At noon a national salute will be fired. When the Kronprinz Wilhelm, having on board Prince Henry, arrives, the admiral and his staff will board her at or near Quarantine. When the liner passes Admiral Evans' squadron the vessels will man the military tops, turrets and rails. A salute of 21 guns will be fired by each ship, the German flag being broken at the main at the first gun. At the last gun of the salute each vessel will haul down the German flag and rehoist the American flag. When the Hohenzollern hoists the imperial standard a salute of 21 guns will be fired by each ship of the squadron. After the imperial standard has been saluted commanding officers of the squadron will visit the Hohenzollern and pay their respects to Prince Henry. The ships of the squadron will be illuminated with electric lights and mottoes furnished for the purpose from 7 p. m. to 9 p. m. The builders of Emperor William's yacht say that the platform around the yacht will only accommodate 200 people. These will be Prince Henry and his party, the president and his delegates, and such others as can be accommodated.

TROUBLE BREWING

Strike Situation In Spain Is Growing Menacing.

Barcelona, Feb. 19.—Rioting was renewed here last evening and crowds of strikers paraded the streets, doing extensive damage. The troops charged them repeatedly, but only succeeded in dispersing them on opening fire. The strikers then assembled in large numbers in the outskirts of the city. It is feared they meditate an attack upon the factories. Troops proceeded to the factories to be in readiness for an emergency.

A serious collision between the troops and the strikers occurred yesterday at San Martin, a village in the suburbs. Here the troops fired on the mob, killing three and wounding six. At Badalena the mob attacked the gendarmes and the cavalry who were protecting the streetcar service, and a serious melee followed in which one person was killed and three were wounded. At Sabadell, also in the suburbs, the strikers burned the Octrol tax offices and a convent. Troops have been sent to Sabadell and to other places to suppress the disorders.

Funston Out Again.

Kansas City, Feb. 19.—General Fred L. Funston was discharged from the hospital yesterday and last night at Convention hall reviewed the Third regiment, M. N. G. He appeared to be in perfect health and took great interest in the affair. He was given a rousing reception.

Two Arrested.

Fulton, Ky., Feb. 19.—Officer R. M. Potts and Hardie Beaseley were arrested yesterday charged with killing Bill Dooley, the negro who was taken from his house by four men Friday night and assassinated. Other arrests may follow.

Col. Stansifer Dead.

Madison, Ind., Feb. 19.—Colonel Simon Stansifer of Columbus died here yesterday. He was an attorney for the Pennsylvania Railroad company, and one of the leading lawyers of southern Indiana.

TERSE TELEGRAMS

Local elections were held throughout Pennsylvania yesterday.

Field-marshal Sir Neville Bowles Chamberlain is dead in London.

Charles L. Tiffany, senior member of the New York jewelry firm, is dead.

Fire destroyed the plant of the Louisville Bolt and Iron Company. The loss is estimated at \$100,000.

Eight hundred bodies of victims of the earthquake at Shumak, Trans-Caucasia, have been recovered.

A bloodless duel was fought between M. Cavaignac, former French War Minister, and M. Renault at Paris.

NEARING A CLOSE

Philippine Tariff Debate Will End Next Monday Afternoon.

THE SENATE AGREES

Final Vote On This Important Measure Will Be Awaited With Much Interest.

Senator Wellington Breaks His Long Silence and Congressman Wheeler Has a Word.

Washington, Feb. 19.—It was agreed by the senate yesterday that a final vote on the Philippine tariff bill and the pending amendments should be taken next Monday afternoon at 4 o'clock. The only stipulation made by the minority was that the last day's debate should be devoted to speeches not exceeding 15 minutes in duration. Senator Wellington of Maryland spoke yesterday in opposition to the pending bill and Senator Stewart of Nevada in support of the measure. Mr. Wellington's address covered the Philippine question generally. He set forth his well known views forcefully. He had always been a Republican, he said, a believer in the system of protection and a supporter of a gold standard of currency, but he had come to the parting of the ways with his party in 1898, when it developed "its imperialistic tendencies. He opposed the pending tariff bill because he did not think congress had the right to enact legislation by which people were taxed without representation, and governed without their consent.

Mr. Stewart made a brief legal and constitutional argument in support of the authority of congress to hold the Philippines and to provide a proper government for their inhabitants.

HE STICKS TO IT

Mr. Wheeler Has Nothing to Take Back, He Says.

Washington, Feb. 19.—The speech of Mr. Wheeler of Kentucky in the house last Friday when he bitterly assailed Secretary Hay and Lord Pauncefoot, and criticized the official preparations for the reception of Prince Henry, had a sequel in the house yesterday during the debate on the Indian appropriation bill. Mr. Gillett of Massachusetts, in a half hour's speech, declared that the intemperance of Mr. Wheeler's language carried its own condemnation. Nevertheless he (Gillett) grievously deplored such an affront to a foreign country. During the course of the speech two Democrats—Robinson of Indiana and Taylor of Massachusetts—disclaimed any sympathy with Mr. Wheeler's utterances. Those disclaimers drew from Mr. Talbot of South Carolina the statement that he desired to share in the responsibility for the speech, every word of which he said he endorsed. Mr. Wheeler himself subsequently replied to Mr. Gillett, reaffirming what he had said and declaring that he would stand by his words whether they were discreet or not. He read a number of letters, telegrams and one cablegram from London commending his utterances. The incident was the feature of the day.

Earlier in the session Mr. Hill of Connecticut and Mr. Shafroth of Colorado discussed the former's bill to redeem silver in gold. Mr. Burleson of Texas criticized the president for changing his position on trusts. The Indian bill itself was not touched in the speech-making.

The Patrick Trial.

New York, Feb. 19.—After several days of examination and cross-examination of experts, new interest in the trial of Albert T. Patrick, accused of the murder of William Marsh Rice, was aroused late yesterday afternoon when Charles F. Jones, Mr. Rice's valet, who has been charged with being the tool of Lawyer Patrick in compassing the death of the millionaire, was put upon the stand by the state. Jones is continuing his story today.

Wouldn't Face the Charge.

Hastings, Neb., Feb. 19.—Louis B. Partridge, postmaster at Kenosha, this county, committed suicide yesterday by shooting himself in the head. He died almost instantly. A postoffice inspector yesterday began an investigation of his books and confronted the postmaster with what he asserted was a defalcation of \$1,500. Partridge made no explanation and he went directly to his home and shot himself.

Entire Crew Arrested.

San Francisco, Feb. 19.—Advices from Tutuila, Samoa, under date of Feb. 4, say that the three-masted American schooner Alice McDonald, with a cargo of coal from Newcastle to San Francisco, is tied up in Pago Pago harbor and her crew, which numbered 15, is under arrest. The crew will be sent to the United States.

Mr. Gage Is Placed.

New York, Feb. 19.—At a special meeting yesterday of the trustees of the United States Trust company, John A. Stewart tendered his resignation of the office of president and recommended Lyman J. Gage, former secretary of the treasury, be chosen his successor. It is understood that Mr. Gage will accept.

A SEVEN DAYS' WONDER

Activity of Republican Candidates a Subject of Special Comment.

Indianapolis, Feb. 19.—The activity displayed by the Republican candidates for state office is a seven-days' wonder even to their friends who are helping them. Every aspirant for office is working as if his life depended on the result of his canvass. They have been beating about the bushes in a quiet manner for several months, but the appointment of delegates by the various counties means that the real work must begin. This city as usual is the center of operations. Half the candidates are making it their headquarters and are dropping in and out every day or so to see some delegation. It is said by old timers that it is the most costly campaign for nominations that has ever been known in the state. The indications are that it will cost at least \$3,000 or \$4,000 to get nominations where there are hard fights for the big offices. The men who have been in the race for a year have already spent hundreds, and before the convention is over will have let go of still more. Letter writing is now costing some of the candidates hundreds of dollars, as they are communicating with every delegate; some are enclosing a 2-cent stamp for reply, and as there will be nearly 1,700 delegates and as many alternates, it is easy to compute what an item of expense this will be. The Republican leaders, however, are congratulating themselves on the fact that less bitterness is being displayed this time than usual, and it is not believed the results will leave many sore spots.

The men in charge of the collection of funds in Indiana for the McKinley monument are beginning to grow discouraged at the lack of interest manifested in the movement. When the Indiana auxiliary to the national association was organized a few weeks ago with such men as Governor Durbin, Senator Fairbanks and Addison C. Harris and Superintendent of Public Instruction Jones at the head, there was much enthusiasm and it was predicted the state would raise \$30,000 in a jiffy. Each congressional district was thoroughly organized and hundreds of letters were sent out to prominent men asking them to assist. Hundreds of replies were received in a few days, offering support, but to a large degree that aided the movement and the chances are now that the state will not raise \$25,000, which it is expected to give. Superintendent Jones, who is secretary of the auxiliary committee, said today that 100 dozen good men would make up their minds to raise the amount it would not take them more than a few days to get \$25,000, but the trouble is in getting good men to give the project their time. Many who promised assistance made a small donation and then dropped out, feeling they had done their duty. About \$10,000 has been subscribed up to date. Jones says subscriptions are still being received, but not sufficient to cause the total to grow half as rapidly as is desired. The observance of McKinley Sunday in the churches has netted so far about \$1,000. Efforts are still being made to raise funds for the Harrison monument, but the same trouble is being experienced in getting people to take an interest.

For several hours yesterday there was gravest alarm at the governor's office over the whereabouts of the governor and his staff, who left here last week for Cuba. The party sailed Sunday afternoon from Miami, Fla., for Havana, and according to schedule should have landed Monday afternoon. Different members of the party had promised to cable Colonel Wilson, the governor's private secretary, as soon as they landed. The colonel and some of his friends maintained a lonely and anxious vigil at the statehouse Monday night waiting for word that did not come. Finally they sent a telegram to the steamship company at Miami asking for information. The reply was alarming, as it stated nothing had been heard of the boat. Visions of a possible shipwreck floated before the minds of the attaches of the governor's office until yesterday afternoon, when a cablegram of three words announcing the safe arrival of the party was received, relieving their anxiety. The governor and his party will remain in and about Havana until Friday.

Adjutant General Ward announced today that the battery of artillery at Fort Wayne has been mustered out of service because of lack of interest and inefficiency. That proper encouragement was not given by Fort Wayne is one of the reasons for the failure of the battery to maintain the standard fixed by military rules. Another battery will be organized at once, as the law provides there shall be three. There are two now—the famous Battery A of this city and the Attica battery. It is expected a number of cities will ask for the honor of being the home of the third battery.

HE HELPED HIMSELF

When the Bank Cashier Needed Money to Wager On Cards He Tapped the Bank.

This Was Often Done On Sundays, Says He While Telling the Court.

Vincennes, Ind., Feb. 19.—The sensational case of ex-Bank Cashier Richard C. Davis, of Washington, against several gamblers of that city to recover money lost at gambling was begun here yesterday. Some time was spent in impaneling a jury.

The plaintiff, Davis, was the first witness called, and his evidence is being continued today. Davis has already pleaded guilty of embezzling over \$70,000 belonging to the Citizens' National Bank of Washington while he was cashier. He is now awaiting sentence. The evidence of Davis shows that when he wanted money to wager on cards or craps he went to the bank and helped himself. This was often done on Sundays.

A strong array of attorneys are engaged on respective sides. The best lawyers of Washington and Vincennes are employed.

AFTER

The guests are gone the smile slips from the face of the hostess and she gives up to the pain which racks her body. Many a woman entertains and wears a smile while her back aches and her nerves quiver with pain. Surely any medicine which offers relief to women would be worth a trial under such conditions. But when the woman's medicine, Dr. Pierce's Favorite Prescription, is offered with the proof of efficacy in thousands of well attested cures, what excuse can there be offered for suffering longer?

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It dries encumbering drains, heals inflammation and ulceration and cures female weakness.

"It is with the greatest pleasure I write you the benefit my mother has received from your 'Favorite Prescription' and 'Golden Medical Discovery.' Says Miss Carrie Johnson, of Lowell, Vermont, N. H.: 'She suffered untold misery with uterine disease and nervousness, and had a constant roaring and ringing noise in her head. After taking six bottles of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' she was entirely cured.'"

Dr. Pierce's Pleasant Pellets stimulate the liver.

A Name Twice Made Famous, Now a Shining Mark for Imitators.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to pounce upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world famous Dr. Chase's Nerve Pills, and family physician, and whose fame is now doubly increased by the wonderful success of his Nerve Pills, with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

They imitate, but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin-blooded, nerve exhausted sufferers. Who are nerve-tired and brain-weary. Who are easily exhausted. Who are wakeful—cannot sleep. Who have nervous headache. They remove the cause of blood impurities, securing refreshing sleep and impart strength. They build up people who find their strength and vigor waning. They settle irritated nerves, replace languor and lassitude with energy and animation. Cure Nervous Dyspepsia.

CAUTION.—The protection to the public in securing the genuine and original Dr. A. W. Chase preparation is in seeing the portrait and signature of A. W. Chase, M. D., on each box. These and these only are the genuine. Do not be satisfied with anything bearing the name "Chase" without the initials A. W. Chase, of Druggists or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, P. J. CHINESE etiquette forbids an actor to turn his back to the Emperor. So he wears a mask on the back of his head, and a costume with two fronts. It is ridiculous. But it is the only way of compliance with an impossible demand. You see the same thing in trade. Everyone wants fine coffee cheap, but everyone knows that fine coffee isn't cheap. Chinese-like, some one offers coffee "just as good" as Chase & Sanborn's "Seal Brand" for a less price. "Just as good" is only a Chinese mask. Don't be humbugged!

THE MODEL GROCERY, AGENT

Beauty is Health.

Walnut Lake, Ark., June 3, 1900.

I thank you for the benefit I received from your advice and the Wine of Cardui I took in my terrible condition. My life was no pleasure to me at all and I was of no use to anybody. After receiving your advice and medicine I commenced taking it and began immediately to improve. The pains left me and the menses, which came at the correct time, continued three days. I have gained strength and my weight has increased. My husband says the medicine has made me better looking than ever before.

Mrs. LIZZIE MANNELL.

Womanly health means bright eyes, rosy cheeks, clear complexion and elasticity of form. This is the youth unmeasured by years—the beauty of perfect womanhood. Beautiful women are happier and get more out of life than their sisters whose faces indicate suffering. Wine of Cardui made Mrs. Mannell "better looking" and infinitely happier because it cured her of those terrible pains. But she is no exception.

WINE OF CARDUI

is giving thousands of women health, beauty and freedom from the dragging pains which made their lives so miserable. Wan faces, haggard eyes and emaciated forms are the results of suffering. What suffering can compare with the torture of irregular menstruation, leucorrhoea and falling of the womb! Beauty flees quickly before the ravages of such disease. The sharp pains of falling of the womb deepen the crow tracks in the face. Menstrual irregularities rob the eye of its fire and the complexion of its transparency. Leucorrhoea drains the body of its strength, but Wine of Cardui restores the natural beauty, brightens the eye, clears the complexion, rounds out the figure and brings back the vigor of health. Every druggist in this city handles \$1.00 bottles of Wine of Cardui.

A WORLD WIDE VICTORY.

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton pianos and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards [gold, silver and bronze medals, and honorable mentions], serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.

The Travis Carter Co

DANGER DROVE HER

How a Timid Woman Found Courage.

She was by nature a timid woman. Nothing had been able to induce her to cross the narrow, swaying plank which bridged the creek. Sooner than take this short cut she would go a mile above where there was a substantial wagon bridge. But now when the fire was sweeping across the prairie, consuming houses and crops, she was driven to the plank over the creek as the only hope of escape. Danger drove her. Fear flogged her. And tottering and trembling she made the passage in safety.

There are a great many sick women who have heard for years of Dr. Pierce's Favorite Prescription, the medicine made famous by its cures of womanly ills. But they have no faith in it. They go the long way round to seek health,

and use the services of a local practitioner. Perhaps when he fails they try patent medicines. It is only when they realize there is danger in disease; that doctors can't help and patent medicines don't cure—that they are driven to try Dr. Pierce's Favorite Prescription, and find it is the short road to health.

THE BRIDGE THAT CARRIED THEM OVER.

Thousands of women unite in praise of Dr. Pierce's Favorite Prescription as the bridge that carried them to safety, put them out of power of disease, and gave them perfect and permanent health. They put themselves on record for the benefit of others who suffer and have exhausted all other means used for effecting a cure.

"In April, 1900, my strength gave out and I was obliged to go to bed, suffering with female weakness, also had ulcers and inflammation," writes Mrs. Ellen D. Rollin, of Pierceville, Ripley Co., Ind. "I tried a physician's remedy for a month but got no better—only weaker. Tried another medicine six weeks, but got no better, was quite discouraged. I read Dr. Pierce's Memorandum Book, telling of the cures Dr. Pierce's medicine had performed. My husband said he would have more faith in Dr. Pierce's medicine than in any other, and he got me a bottle of the 'Favorite Prescription' at once. I began taking it, and wrote to Dr. Pierce. I received several letters of advice, also a small book treating on Woman and Her Diseases. I followed the directions given as closely as I could. Began taking Dr. Pierce's medicine in July, and in two months I was able to do my housework. Took twelve bottles of 'Favorite Prescription,' also four of 'Golden Medical Discovery.' Had a severe case of inflammation and suffered a great deal, but by persevering regained my strength. Weigh twenty-five pounds more than I ever did before. I think Dr. Pierce's medicines far excel all others, and hope those who are suffering will turn to him for aid. I thank him for his advice and kindness, and can heartily recommend his treatment to all who may be suffering as I was."

The cures effected by Dr. Pierce's

Favorite Prescription are not temporary, but permanent. They are perfect cures. It is not uncommon for women to say that they never knew the meaning of perfect health, even in their best days, until they had used "Favorite Prescription." And this is because the medicine is more than a mere cure for female troubles. It not only puts out the fire of disease, but it rebuilds what the fire has destroyed, and often on a finer scale, as in Mrs. Rollin's case, who, after her cure, weighed twenty-five pounds more than she ever weighed before.

"Favorite Prescription" is a superior tonic and nerve. It feeds the nerves and cures nervousness. It restores the appetite and gives natural, refreshing sleep. It builds up the body, restores lost flesh and gives back the clearness of girlhood to the complexion sallow by disease.

A PHYSICIAN'S OFFER.

Reference is made by Mrs. Rollin and Miss Johnson to correspondence with Dr. Pierce. They took advantage of his offer of free consultation by letter, and acknowledge their gratitude for the advice received.

The same offer is open to all. Every sick woman is urged to write to Dr. Pierce, and so secure the opinion of a specialist in the treatment and cure of diseases peculiar to women. All correspondence is held as strictly private and is treated with the most sacred confidence. Address Dr. R. V. Pierce, Buffalo, N. Y.

This offer of free consultation by letter, made by Dr. R. V. Pierce, is not to be confused with the spurious offers of "free medical advice" made by men or women who have no medical knowledge or training, are not physicians, and

not permitted by law to practice medicine, and cannot therefore give genuine medical advice. Of course anyone competent or incompetent can give advice on any subject, but the advice of unskilled persons in medical matters is not merely useless, but dangerous.

Dr. R. V. Pierce, as chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., assisted by his staff of nearly a score of skilled physicians, has in a little more than thirty years treated and cured hundreds of thousands of weak and sick women. "I received your letter some time ago, with advice about your wonderful medicine," writes Miss Stella Johnson, of Brady St., Dayton, Ohio. "I was troubled with severe pains every month when I wrote to you for advice. After receiving your letter and following its directions, I am now happy to say that after five years of untold suffering I have not had any pains since first using your 'Favorite Prescription.' I was induced through a friend to write to you and follow your kind advice. I thank God and Dr. R. V. Pierce for the health I now enjoy."

Doctor Pierce's Favorite Prescription makes weak women strong, sick women well. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It cures headache, headache and the other ills that result from womanly disease.

Sometimes a dealer, tempted by the little more profit paid on the sale of less meritorious medicines, will offer the customer a substitute as being "just as good" as the "Prescription." It is better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.
